==========

With reference to a proposal to buy a bungalow at Hunsur belonging to you for the use of the Special Magistrate Court, I have the honour to inform you that I have been asked to report on the state of the building. For this purpose the roof timbers have to be examined and as they are not exposed, it is not possible to examine them. I have deputed Sub Assistant Engineer, Mr. Krishna Iyengar to examine the roof timbers and shall be glad if you will permit him to do so. Any damages caused to the building by such examination will be made good immediately.

==========

No.C.391 dated Camp Hunsur, 12th November 1919.

Copy of the above is forwarded to the Chief Engineer, for information, with reference to his No.B.3813 dated 29th September 1919. I inspected the building the day before yesterday and found that the verandah roof required renewal. The walls, doors and windows are good. I am doubtful about the main roof timbers which I suspect are of country wood as in the verandas and may not be sound. As these timbers were not exposed I could not examine them.

The building is more suited for a residence than for an office and is far too big for the Special Magistrate's Court which I hear consists of a Magistrate and half a dozen clerks. We may be able to construct a suitable building

at a cost of about Rs.15,000.

My experience of buying old buildings in Madras has not been very satisfactory. Their annual maintenance becomes -- very costly and it has been found that it would be far ----- cheaper to construct a new building than to buy an old one.
